### **Seasonal Fishing Slip Fees**

For 2010, the rates for fishing berths will remain the same as in 2009

For fishing skiffs:

Spring season - \$50.00

Fall season - \$60.00

A discounted rate for both seasons paid in Spring 2010 will apply for this year only - \$80.00

Whitefish boats - \$142.00

Further, the provision has been included that fishing boats can remain in the harbour during the off season as long as these fishing vessels are willing to move over/change slips in order to allow for further recreational boating slips on an as-needed basis.
